

Persons who are applying for and potentially eligible for TANF will be able to receive some work support assistance until their case is finalized to assist them in getting necessary items such as clothing, etc to facilitate searching for work and moving toward stability.

Counties can purchase gift cards at local merchants such wal-mart or those similar stores and provide to persons who are evacuees. The counties should purchase these based on expected and we'll attach a name as we process them.

Any gift cards or items of this nature should be charged to Account # 627-106.

Policy instructions for counties are on the KATRINA bulletin board on Go-Mail

Thank you for all you help.
